

District Advisory Committee Meeting

Nov. 28, 2017

4:00-5:30 - GDA

DAC Purpose: A committee with balanced representation that will identify student needs, monitor progress towards goals, and make informed recommendations to the board to guide student learning towards long and short term goals.

Collective Commitments (from previous years):

- Actively promote the district vision, mission, and goals
- Analyze data and ask relevant questions
- Engage in learning relevant to student and district needs
- Provide input on continuously improving student achievement
- Publicly support all decisions

Consensus Protocol: Fist-to-Five

Roles:

Facilitator	Steph Wilson	On-Task Monitor	
Scribe/Summarizer

Data Dashboard

- The data dashboard was shared and ideas for the winter dashboard were as follows:
 - Extra and co-curricular data and information
 - Class size/ratio
 - Growth data for MAP and FAST
 - Information and data on pre-school

Teacher and Parent Survey

- Not many parents filled out the survey. Is this data valid and informational due to that?
- How can we get more consistent feedback/data if we feel it is valuable?
 - How do we reach parents to ensure that we get more people providing data?
- Next Steps:
 - Think about what information is most important to get
 - Determine the best way to gather the data

Feedback on Goals
