**STANDARDS-FOCUSED  
PROJECT BASED LEARNING  
Buck Institute for Education**

# Begin with the End in Mind

Summarize the theme for this project. Why do this project?

Identify the content standard that students will learn in this project (two to three per subject).

Identify key skills students will learn in this project.  
List only those skills you plan to assess (two to four per person).

Identify the 21<sup>st</sup> Century Skills/Work Habits that students will practice in this project (one to two per project).

- *Does the project meet the criteria for standards-focused PBL?*

# Craft the Driving Question

State the essential question or problem statement for the project. The statement should encompass all project content and outcomes, and provide a central focus for student inquiry. Begin with your GLB/Learning Target to develop the Driving Question.

- *Have you posed an authentic problem or significant question that engages students and requires core subject knowledge to solve or answer?*

# Plan the Assessment

**Step 1: Define the products for the project. What will you assess?**
